

THE OLD ROADS

JUNE 14, 2014
ROUTE INSTRUCTIONS
GROUPS X, R and N

Please read the General Rules and Regulations carefully. Ask a rally worker for clarification if necessary. Drive safely and legally at all times. Watch for ALL types of road hazards. Heed ALL posted road signs. Be extremely mindful of unpredictable local traffic at all times. If you smoke, use your ashtray. Please don't litter. Please watch carefully for wild animals, especially around dusk. Watch for range cattle (think large, slow moving, leather pylons). Be very careful of children, animals and slow farm vehicles near isolated rural homes.

Please be aware of traffic behind you. Different classes run slightly different courses and may have to run at different speeds. It is a rule of ITN rally etiquette to let cars needing to run faster get past you at the first safe opportunity. Please remember this is not a question of who has the better car or who is the better driver. Furthermore, If you deliberately block someone, you will receive a MAX penalty for that leg.

At Checkpoints, please get COMPLETELY out of the traffic lane when creeping. Last car in line MUST run their emergency flashers. Be sure to check your mirrors for approaching traffic when pulling out to cross the hose. At Standoffs, you MUST park far enough OFF the road so that your door, when opened, will not extend into the traffic lane.

Unless otherwise stated, if there is one Standoff at a location, then 4.00 minutes have already been included in the leg time. If there are 2 Standoffs at a given location, then 6.00 minutes have been added. For each additional Standoff at a given location, another 2.00 minutes have been added. No matter how many Standoffs are at a given location, you should only go to that location ONE TIME. You do not need to go back for the other leg(s).

Valyermo Rd. (Map 2) and CA 138 (all maps) are SAFE for all Legs. It is less than 160 miles to the first gas break.

WWV time is available at 303 499 7111. (Allow for latency in phone and cell system.)

ADDENDUM TO GENERALS:

1 Section B.8. (Passage Controls) does not apply to this rally. All Checkpoints are intended to be active. If you reach a point where you think you are on the right road for the Checkpoint and have gone past where you think it should have been, then assume it's not there for whatever reason and go on to the next Leg.
