

TOTAL RECALL

6 HOUR MONTE CARLO STYLE ROAD RALLY
CASTAIC - MOJAVE - BODFISH - CALIENTE - GRAPEVINE
JUNE 9, 2007

ROUTE INSTRUCTIONS

Please read the General Rules and Regulations carefully. Ask a rally worker for clarification if necessary. Drive safely and legally at all times. Watch for ALL types of road hazards. Heed ALL posted road signs. Be extremely mindful of unpredictable local traffic at all times. If you smoke, use your ashtray. Please don't litter. Please watch carefully for wild animals, especially around dusk. Watch for range cattle in the road anywhere on course, but especially on Caliente-Bodfish Rd. and along SH 178.

Be very careful of children, animals and slow farm vehicles near isolated rural homes. Please be aware of traffic behind you. Different classes run slightly different courses and may have to run at different speeds. It is a rule of Monte Carlo rally etiquette to let cars needing to run faster get past you at the first safe opportunity. Please remember this is not a question of who has the better car or who is the better driver. Furthermore, documented instances of deliberate blocking will receive a MAX penalty for that leg.

At Checkpoints, please get COMPLETELY out of the traffic lane when creeping. Last car in line MUST run their emergency flashers. Be sure to check your mirrors when pulling out to cross the hose. At Standoffs, you MUST park far enough OFF the road so that your door, when opened, will not extend into the traffic lane.

Unless otherwise stated, if there is one Standoff at a location, then 4.00 minutes have already been included in the leg time for you to sign in at Standoff and be given your information. For each additional Standoff, an additional 2.00 minutes are included. It is less than 110 miles to the gas break.

NOTE: It takes about 25 minutes to get from Registration to Start/Standoff 1.

EXPERT ONLY COURSE CONTROLS: Experts have 6 additional Course Controls which are not marked on the maps., There is one for each leg between Standoff and Checkpoint for that Leg. All are on the Preferred Route and are on the right, either facing you or parallel. No signs down side roads are used. Turn in the info for each of these Course Controls at each corresponding Checkpoint. Failure by Expert Class entrants to correctly record and turn in all or part of each Course Control listed as "Expert Only" will receive a penalty of 02 points. Non-Expert entries should ignore these Course Controls.

ODO CHECK: In order to precisely execute the Minimum Speed leg, you may want to check your odometer against the Official Mileage. It is 22.80 Official Miles from the Odo Reference at Registration to the “end odo” sign at Start/SO 1, via CA 14 FWY and I-5 to Lake Hughes Rd. The Odo Reference is located at the west exit from the unpaved parking lot at Placerita Canyon Park, at the yellow utility box. Enter in any direction. Leave heading west. Do this Odo Check before you start the rally.

CAUTION: There is an implied STOP as you exit Placerita Canyon Park onto Placerita Canyon Rd.

DEFINITION: “Generally Parallel to” includes curvy roads that have portions that may not be parallel to the reference road(s) at some points.
